

Adolescence Education Programme

No socio economic programme and development of the State is possible without providing proper education and suitable employment opportunities to the adolescent. They need to be made aware of issues like, health care and hygiene, sexual responsibility, safe mother-hood, family size, HIV/AIDS prevention, drug and alcohol abuse, control of aggression etc.

Presently, this programme is sponsored by NACO which emphasizes on HIV/AIDS.

Besides this, the Directorate plans to have a life skills programme so that other issues pertaining to the adolescence are attended to:
