INTRODUCTION

The Directorate of Planning, Statistics & Evaluation has been conducting the Census of Employees working in Government Departments, Grant-in-Aid Institutions and State Public Sector Undertakings and bringing out report at regular intervals. The last report brought out contained data as on 31st March, 2005. The present report, twenty-fourth in the series, presents data as on 31st March, 2007. However, the relevant details will be uploaded on the Government Web-site.

The information from 76 Government Departments, 13 Public Sector undertakings and 16 Grant-in Aid institutions has been collected for the purpose of this report. The employees are classified as Regular, Temporary/Adhoc and Work-Charge. In case of Government Departments, while the regular and adhoc/temporary employees are paid salaries under the budget head '01 Salaries," the work charge employees get salaries either under the budget, "61-Major Works", or "60-Minor Works" or 23-Maintenance Works". In case of Grant-in-Aid institutions, generally the Government releases salary grants to such institutions under the budget head: "74-Grant-in-Aid". However, there are few grant-in-aid institutions like Planning and Development Authorities which pay salaries to their employees from their own funds. The State Public Sector Undertakings normally do not receive grant from the Government. The data presented is as per the information submitted by the respective Departments.

Thus, it is to be noted that in case of employees working in Government Department the salary is disbursed to the individual employees by the respective Department whereas in case of employees working in grant-in-aid institutions by the respective Grant-in-Aid Institution. For instance, the School Education Department has two categories viz. employees receiving salary directly from the School Education Department and employees receiving salary from educational institutions like aided schools.

The number of employees in different Government Departments, Grant-in-Aid Institutions and State Public Sector Undertakings as also their distribution under different pay scales, social groups etc. are given in different tables in this report.

The data for the year 2007 also includes additional information viz. Taluka wise distribution of employees, educational qualification, marital status, religion wise etc. It also covers age distribution i.e age below 50 years, 50-55 years & 55years and above.

Other concepts and definitions

- Regular employees are those who are borne on the pay roll of the establishment.
- Ad-hoc employees are those who are borne on the pay roll of the establishment but not regularized in the post held by them.
- Work-charge employees are those who are appointed on a long term or short-term basis against specific projects/works but who do not form part of regular staff and do not necessarily have regular pay scale.
