INSPECTION REPORT

Certified that I have personally visited the site of proposed plot of land for green fodder cultivation and found that the information given above is correct and that the beneficiary is having the irrigation/water supply facilities for the proposed land area under cultivation and hence the proposal is recommended for incentive benefit under perennial green fodder/seasonal fodder cultivation. All the records of green fodder cultivation such as follow-up of inspections of fodder plots, the exact area of cultivated land, period of fodder cultivation etc will be maintained in this office register.

I am satisfied/not satisfied with the area and location of plot. I recommend/not recommend the project.
