1. Introduction.

1.1 Goa, has had a history of numerous rulers who ruled from the third century onwards up to 1961. The rulers included the Bhojas, the Mauryas, the Yadavas, the Bahamanis, the Marathas and the Portuguese. In 1961, Goa was liberated from the Portuguese rule and by the 12th Amendment Act of 1962 to the Constitution, Goa, along with Daman and Diu became a part of the Indian Union. With numerous rulers changing in Goa, the local self Government institution did not undergo any major changes.

Goa has a unique history of institutions of local self government dating back to ancient times. Descendants of ancient settlers of the villages, called Gaunkar, organized themselves into “Communidades” or “Communities” which functioned as an autonomous unit of village administration. The Government was vested in the assembly of
elders of each clan or Vangor. Members of Communidades consisted of (i) Zoneiros (ii) Acsao Cars (iii) Gaonkars. The primary activity of the Communidades was leasing out their commonly held agricultural land, orchards, ponds, through auction. The income was utilized to fund common services for the village like those of priests, barbers, construction and maintenance of markets, halls, etc. This village governance was allowed to exist alongside the Portuguese administrative machinery.

1.2 Nature and context of decentralized planning in the state: Goa has a population of 14.58 lakhs as per Census 2011. Goa has had a history of decentralized form of local government which existed for hundreds of years known as the gaunkari system.

1.3 Goa, Daman & Diu Gram Panchayat Regulation, 1962: Goa along with Daman & Diu was liberated on 19-12-1961 from Portuguese rule. After liberation, the President of India promulgated the Goa, Daman & Diu Gram Panchayat Regulation, 1962 under Article-240 of the Constitution of India. The said Regulation provided for setting up of a single tier Panchayati Raj system in the Union Territory of Goa, Daman & Diu. Thus, for the first time, the Panchayati Raj Institutions (PRIs) came into existence in the Union Territory of Goa, Daman & Diu in the year 1962. As per the said Regulation, one seat was reserved for woman in every six Gram Panchayats.

There were three types of Panchayats having 5, 7 and 9 members depending upon the population. The term of the Panchayat was for four years. The Panchayati Raj (PR) system was functioning well since its inception and elections were held regularly in Goa.

1.4 The Goa Panchayat Raj Ordinance 1994: In terms of Article 243-N of the Constitution of India, every State was required to amend the laws relating to PRIs within one year of the 73rd Constitutional Amendment. Therefore, to comply with the said mandatory provision of the Constitution the State of Goa promulgated an Ordinance namely, The Goa Panchayat Raj Ordinance, 1994 on 20-04-1994. The Ordinance was converted into Bill, namely the Goa Panchayat Raj Bill, 1994 and the same was introduced in the Goa Legislative Assembly on 25-05-1994.

1.5 The Goa Panchayat Raj Act, 1994: The Goa Panchayat Raj Act, 1994 was assented to by the Governor of Goa on 09-07-1994. The salient features of this Act are:

- Adoption of a two tier system at the District and Gram Panchayat level.
- Empowerment of Gram Panchayats and Gram Sabhas.
- Imposition of collection of taxes for financial sustainability of Gram Panchayats.
- Compulsory elections to PRIs once in five years.
- Reservation of seats and executive positions for Scheduled Castes/Scheduled Tribes (SCs/STs)/Other Backward Classes (OBC).

1.6 Two tier system of Panchayati Raj in Goa:

Goa has a two tier of local bodies, at the District level and the Gram Panchayat level. There are two Zilla Panchayats and 190 Gram Panchayats in Goa. The State has two districts and twelve talukas. The Gram Panchayats are located in coastal areas, middle semi developed areas and hilly areas.

1.7 Population at the Gram Panchayats:

The Gram Panchayats comprises of revenue villages and are constituted and classified in four categories as per the population in the villages. The classification is as under:
Classification & Population No. of No. of Gram
Elected Represen- Panchayats

Under these rules, each Gram Panchayat has to constitute Ward Development Committee (WDC). Under these rules, it was provided to identify the areas/sectors in the villages such as agriculture, health, etc.; study the status of these sectors and suggest projects. Similarly it was also provided to identify the sources of funding of these activities needed and also the agency which would undertake the work. This would be a comprehensive plan for five years and break up of activities year wise had to be projected.

1.9 The Fourteen Finance Commission (FFC) Award:

1.9.1 Basic Grant: As per the Fourteenth Finance Commission, the local bodies are required to spend the grants only to the basic services within the functions assigned to them under relevant legislations. The grants that will be released under FFC shall go to Gram Panchayats without any share for other levels, that are directly responsible for the delivery of basic services such as including water supply, sanitation including septage management, sewerage and solid waste management, storm water drainage, maintenance of community assets, maintenance of roads, footpaths and street-lighting, and burial and cremation grounds. The earmarked basic grants for Gram Panchayats shall be distributed across the entities using 2011 Census population with a weight of 90% and area with a weight of 10%.

1.9.2 Performance Grant: The Performance Grant will be provided based on receipts and expenditure received through audited accounts and improvement in own revenues. The Performance grants shall be released the next year based on the following criteria:

(i) The Gram Panchayats shall utilize 80% of the Basic grants and shall submit the Utilization Certificates along with the list of activities performed and such other reliable data as may be required.

(ii) In case 80% of the Basic grants are not utilized, then 80% of the physical activities shall be completed.

(iii) The Gram Panchayat shall enhance the revenue collection at least by 5% every year.

(iv) Every Gram Panchayat shall update data in the IT enabled software.

(v) The Gram Panchayat shall submit audited annual accounts of preceding year in which they seek to claim performance grant. (Example: to claim performance grant for the year 2016-17, audited accounts for the year 2014-15 are required to be submitted).

1.10 The need and rationale for a Gram Panchayat Development Plan through participation: The Global Human Development Report 1993 states that ‘We have to weave development around people, not people around development. And we have to ensure that development cooperation focuses directly on people, not just on nation-states’.
The Constitution Amendment relating to Panchayats for greater participation of the people and more effective implementation of rural development programmes mandates people centered and people oriented planning. Therefore Gram Panchayats shall prepare the Gram Panchayat Development Plan by participatory planning process, as is required under Fourteenth Finance Commission.

1.11 Strategy for Gram Panchayat Planning:
The mandate for all the Gram Panchayats is to prepare their respective Gram Panchayat Development plans. The Gram Panchayats shall utilize the funds available under the resource envelop for improving the quality of basic services such as health, drinking water, sanitation. The focus of Gram Panchayat will be on maintaining cleanliness and sanitation (liquid or solid waste management) and improving delivery of basic services. In order to achieve this, the following steps are required to be undertaken at various levels:

1.11.1 Gram Panchayat level: (a) Constitute Standing Committees as mandated under the Goa Panchayat Raj Act, 1994.
(b) Activate the functional committees already constituted at the Panchayat level.
(c) Constitute the Village Development Committee to prepare Gram Panchayat Development Plan.

1.11.2 At Block level: (a) The Block Development Officer shall take steps to constitute the committees as required under para 1.13.1.
(b) He shall submit the compliance of constitution and functioning of the committees in the Gram Panchayats to the Directorate of Panchayats by 5th of every month.

1.11.3 At the State level: (a) Capacity building of all the stakeholders in participatory planning process and thereby assist the Gram Panchayats in preparation of the Gram Panchayat Development Plan in collaboration with Goa Institute of Public Administration and Rural Development.

(b) Strengthen the monitoring mechanisms at the Gram Panchayat and Block level for implementation, execution and completion of plans.

1.12 Intensive cum universal roll out approach to preparation of Gram Panchayat Development plans at Gram Panchayat:

1.12.1 An extensive as well as intensive roll out approach to Participatory planning will be undertaken in the process of preparing Gram Panchayat Development Plans.

1.12.2 The State Institute for Training i.e. GIPARD will create the environment for intensive and extensive approach of participatory planning through capacity building.

1.13 Livelihood support: The Central and State Sponsored Schemes shall form an important component of Gram Panchayat Development Plan for promoting livelihood support in rural areas.

(a) Section 6 lays down the functions of Gram Sabha.
(b) Section 60 to section 115 provides the functions, duties and powers of the Gram Panchayats, Sarpanch and Dy. Sarpanch.
(c) Section 47, 47B and 113A provides for executive powers, functions, duties and responsibilities of the Gram Panchayat Secretary.
(d) Section 47A provides executive powers of the Sarpanch.
(e) Functions are attached to the Act in Schedule-I comprising of para 28 and para 29 which empowers them to perform functions as may be entrusted.
(f) Section 60 provides the functions specified in Schedule-I to be performed by the Panchayat.
(g) Section 62 provides that the Panchayats shall have powers to do all the acts necessary for or incidental to the carrying out of the functions entrusted, assigned or delegated to it, to exercise all powers specified under the Act without prejudice to the other powers.

(ii) “Standing Committee” means the Standing Committee constituted in terms of sub-section (1) of section 63 of the Act.

(iii) “ward” means the ward of a Panchayat formed in accordance with the provisions of sub-section (3) of section 7 of the Act.

Words and expressions used but are not defined in these guidelines shall have the same meaning respectively as assigned to them in the Act.

2.1 Mapping administrative capabilities of the GPs:

2.1.1 Functionaries under the Gram Panchayats: Chapter-IV of the GPRA, 1994 contains the staff of the Panchayat. Government has specified the staffing pattern, the scales of pay and mode of recruitment of staff of Panchayat. The Panchayat may also appoint other employees of the Panchayat with the prior approval of the Chief Executive Officer of the Zilla Panchayat.

State Government provides technical support by appointing Junior Engineers at block level exclusively for panchayat works. Besides this a Gram Rozgar Sahayak from MGNREGS and Talathi from Revenue Department are appointed.

At the block level, there is a BDO, Extension officer for Gram Panchayats in a Block and other supporting staff for administration work. (Head clerk, UDC, LDCs and peons) at the District level there is one Dy Director of Panchayats and support staff.
