

Print Making Workshop at Sanskruti Bhavan

The Directorate of Art and Culture, Panaji, will be organizing a Non-Toxic Printmaking Workshops at Graphic Studio, Sanskruti Bhavan, Panaji. The workshop will be on “Solar Etching & Polyester Plate Lithography Printmaking”, which will be conducted by Shri Ramendra NathKastr, from Kolkata who is a Senior Printmaker of India. The ten days’ workshop will be held from 15th to 24th May, 2017 between 9.30 am to 5.30 pm.

Shri Ramendra NathKastr shall conduct a workshop on the advance medium of “Solar Etching& Polyester Plate Lithography Printmaking”. Only 15 to 20 practicing fine artists and fine arts students of Goa who have specialization degree in Printmaking and students who are undergoing training in printmaking shall be selected to participate in the workshop. The participant must have practiced/worked in the medium of etching and lithography shall be allowed to participate in this workshop.

The practicing artists/art students must register their willingness of participation for the workshop by filling a prescribed application form available at the office, which shall consist of a brief Bio-data and attachment of 10 photographs of artworks done by him/her in the printmaking subject.

The application form must be submitted on or before 05th May, 2017 during working hours (excluding holidays). The application received from the practicing artists/art students shall be shortlisted. The participants selected for the workshop will be informed by the department.
