It has been noticed by various sections of societies that at several locations buses are making unauthorized stops to embark/disembark passengers, thereby causing unwanted traffic congestion. To smoothen the flow of vehicular traffic, Traffic Police is regularly initiating strict action against such erring buses. As also the bus drivers are briefed during the road safety lectures not to violate traffic rules.

All members of public are requested that when they come across such violation they are requested to report the same Traffic Police on Whatsapp No. 7875756110 or Goa Traffic Police Facebook Page or through e-mail: sptrafficgoa@gmail.com along with details like photograph/ video clip, date, time, place of violation, so as to enable Traffic Police to initiate strict action against such erring buses.
