

**DIRECTORATE OF HIGHER EDUCATION CALLS FOR SUGGESTIONS FROM  
PUBLIC TO CREATE DATABASE FOR POLICY FORMATION**

Panaji, January 17, 2018

Pausa 27, 1939

In order to get the complete picture of the status of Higher Education in the State, Government of Goa under the Directorate of Higher Education is preparing an extensive database which would help decision makers and stakeholders in this sector to make informed decisions in the planning process.

In order to realize the vision of modern, effective and inclusive higher education system for building a globally competitive, innovative and sustainable society, the Directorate of Higher Education seeks the views and inputs from the public on different aspects of Higher education.

The survey would cover all the higher education institutions in the State and data would be collected on several parameters such as teachers, student's enrolment, programmes, examination, results, financial parameters, infrastructure, indicators of educational development, such as institutional Density, Gross Enrolment Ratio (GER) Students Teacher Ratio, Gender Parity Index etc. The report which will be published would be the bedrock of information upon which the policy decision of Higher Education would be made.

The Directorate is inviting suggestions/inputs from the general public regarding the broad spectrum and parameters that should be captured in order to make the report an exhaustive one.

Those willing to put forth ideas and suggestions can write to the Office address of the Directorate of Higher Education, Porvorim or can mail them at [dir-dhe.goa@nic.in](mailto:dir-dhe.goa@nic.in) with the caption titled as GHER (Goa Higher Education Report).
