

GEC CONDUCTS WORKSHOP ON ANDROID APPS

Panaji, February 3, 2018

Magha 14, 1939

Thirty-seven students of first and second year of Goa College of Engineering, Farmagudi participated in the workshop on 'Invent Android Apps using MIT AppInventor' conducted by the IT Department of the college on January 13, 2018. This half day workshop was conceptualized by faculty members Soniya Usgaonkar and Devaki Shinkre. These faculty members orchestrated the workshop and trained the students to create basic Android Apps using the MIT AppInventor framework.

Principal of Goa College of Engineering Dr. V.N. Shet and Head of IT Department, Shri Nilesh Fal Dessai were present on the occasion. All the participants and volunteers were handed certificates of participation by the dignitaries.
