

## FOUNDATION LAID TO PROVIDE FACILITIES TO SOCORRO FARMERS

Panaji, December 04, 2018

The foundation for improvement of the existing Pathway in the fields at Carrem Vaddem and Aradi and for the Improvement of Nallah in the village of Socorro, was laid in the presence of the Minister for Revenue, Shri Rohan Khaunte and Minister for Water Resources, Shri Vinod Paliencar.

While addressing the people, Shri Vinod Paliencar said that the farmers are very important to society and these works will benefit the farmer's community immensely.

While speaking on the occasion, Shri Khaunte said, "We are working at understanding and solving the problems of the farmers. The works, for which the foundation has been laid, will help reduce the farmer's dependency on manpower." He explained that the main purpose of improving the existing Pathway in the fields is to enable access for the farmers to take Power Tillers and harvesting machines in the fields. He also said that the improvement of the Nallah will help avoid flooding during monsoons and will help prevent erosion of properties along the banks of the nallah and will prevent damages to existing residential houses, in the vicinity.
