

WORKSHOP ON BRACHIAL PLEXUS INJURY ON DEC 21, 22

Panaji, December 20, 2018

Agrahayana 29, 1940

The Department of Plastic Surgery and Burns in association with the Medical Education Cell of the Goa Medical College is conducting a workshop on Brachial Plexus Injury on December 21 and 22, 2018. The faculty for the workshop will be Dr. Mukund Thatte, Consultant Plastic Surgeon who has an experience of over 34years in this field and is currently working at the Department of Plastic Surgery, Bombay Hospital and Medical Research Centre Mumbai.

This educational activity will include a lecture on Brachial Plexus Injury on December 21, 2018 at 3.00 p.m in the Lecture Hall 4, College building, followed by clinical discussion of cases of congenital hand deformities and Brachial Plexus injuries in the Seminar Room of the Department of Plastic Surgery and Burns.

On December 22 an operative session has been organized in association with the Department of Anesthesiology, wherein the surgical steps of brachial plexus exploration and repair will be demonstrated.

Patients desirous of seeking an opinion from Dr. Thatte may report to Ward 118, Department of Plastic Surgery on December 21, 2018 at 9.00 am.
