

SPEAKER LAYS FOUNDATION STONE FOR PRIMARY SCHOOL AT VITHALAPUR - SANKHALI

Panaji, February 9, 2019

Speaker of Goa Legislative Assembly Dr. Pramod Sawant has said the Government has been spending crores of rupees for the development of education sector in State which is a very positive approach towards this sector.

Dr Sawant was speaking at after laying foundation stone for proposed re – construction of Government Primary School at Vithalapur, Sankhali yesterday.

Prominent among those present on the occasion were, MLA and Former Chief Minister, Shri Pratapsing Rane, MLA and Chairman, GSIDC, Shri Deepak Prabhu Pauskar, MLA and Chairman Goa Horticulture Development Corporation, Shri Praveen Zantye, Adhyaksha, North Goa Zilla Panchayat, Smt. Ankita Navelkar, Sarpanch, V. P. Karapur Sarvan, Shri Santosh Gurav, Director of Education, Shri Nagraj Hunnekiri, General Manager, GSIDC, Shri Sandeep Chodankar, Shri Sagar Javdekar, Journalist, Headmistress, Smt Lata Khaunekar, and Chairman PTA, Shri Vardhaman Shendure,

Stressing on quality education, Dr. Sawant said, Government is doing all that is possible and the rest lies in the hands of teachers, parents and students to avail maximum benefit of the facilities provided. He said after 2012, the Government has renovated more than 90 percent primary schools in the state, this has happened only because of the foresight of the visionary Chief Minister, he added.

The Speaker said that earlier the common man was looking at Government educational institutions as second option but now by providing state of the art infrastructure and facilities, government has achieved success in changing this mindset of the people, he added.

Addressing the gathering Shri Pauskar said that the present Government has given priority to education and for making every institution of the State a role model.

Shri Pratapsingh Rane also spoke on the occasion.

Earlier Shri Vardhaman Shendure welcomed the guests. Smt. Siddhi Prabhu compered the function and Smt. Shweta Pujari proposed vote of thanks.

The proposed cost of the project is estimated at Rs. 5.08 crores and the said building is to be built on plot area of 1300 sq. m.
