Passing percentage in the last 5 years: 100%

Placement of Postgraduate students (Last 5 Years):

    Teaching Positions and Government service- 5
    Practice- 5

No. of scientific publications: 1
**HIGHLIGHTS**

The department has a Picasso Soft Tissue Laser (AMD Lasers-Dentsply) which can be used for selected cases to perform a wide range of specialised soft tissue surgical procedures.

Dr. Clarence P. Dias, a 3rd year post graduate student, won the first place at a National Periodontology conference for his poster on a rare condition called Enamel Renal Gingival Syndrome.
