Dear Dr. Edwin Gomes,

I have learnt that you have got infected by Corona virus. I know that you were at the forefront leading Goa's battle against COVID-19. You worked relentlessly and tirelessly for three months for the Corona Patients with a sense of unattached duty knowing very well that there is inherent risk in dealing with the contagion. I whole-heartedly appreciate your dedication in fight against the virus.

I wish you speedy recovery and I am sure that you would come out of it very soon. All of us are thinking of you and hoping you get better soon. My warm wishes to you for fast recovery.

*With Regards*  
Yours sincerely,

*Satya Pal Malik*  
(Satya Pal Malik)

Dr.Edwin Gomes,  
Prof. & Head (Medicine),  
Goa Medical College,  
Bambolim.
