To,
The Health/Medical Officer I/C
CHC/PHC/UHC

Sub: Home quarantine.

Sir/Madam,

Keeping in view the increasing number of positive cases of COVID-19 amongst the train travelers and other entering the State by road and also that many of these travelers will now be put into home quarantine, we have to ensure that all strictly adhere to the norms prescribed for home quarantine for 14 days. The SOPs should be explained to every such person, telephonically.

We will be discharging the train passengers of the Rajdhani Express and other trains from the facility quarantine and putting them on home quarantine. In order to prevent community transmission, it is the responsibility of all Health Officer and Medical officers to ensure that home quarantine is taken very seriously and see that all these passengers comply with the directives given to them in relation to home quarantine.

In your jurisdiction you have to:
1. Put the home quarantine stickers without fail in each of the homes.
2. Call up each of the persons every day to check if they have any symptoms and also to check where they are and whether they are maintaining the quarantine. The entire family is expected to maintain quarantine.
3. Share the list with the local Panchayat/Municipal ward representatives and request them to keep a watch over these homes.

The list of train passengers put on home quarantine is enclosed herewith. Attached also is the MOHFW—Govt. of India quarantine guidelines for your information.

This may be strictly complied and reviewed everyday in the evening with your staff entrusted with this job. Any lapse will be viewed seriously.

Yours faithfully,

[Signature]

Director of Health Services
