Government of Goa

2nd Floor, IT Hub,

Altinho, Panaji Goa - 403 001, India

No.7 (28)/2017-18/DOIT/GIS/Part File/ 186

Dated: 5/02/2021

CIRCULAR

Department of Information Technology, Government of Goa has envisaged providing a robust and reliable GIS based decision support system to State Departments, Local bodies, Corporations, Boards and Citizens under its jurisdiction by integrating the GIS data and e-Governance system. In this context, a GIS cell is constituted in the Department of Information Technology vide Cabinet approval. This Cell will be made operationally independent and seamless by allowing it to leverage on all licenses as well as data and resources that may have been obtained by any department/corporation/autonomous body of the Government of Goa which will enable the sharing of data without any glitches. The copy of the extract of the decisions taken in the XLth Cabinet meeting of the Council of Ministers held on 20/01/2021 is enclosed for reference.

All the heads of Departments are thus requested to share the details of any resources in terms of hardware, software and data related to GIS that are obtained /purchased by them along with the details of GIS experts (if any) working in their departments in the format enclosed as Annexure A. A soft copy is also emailed for kind reference.

It is also informed that henceforth any geospatial data/licenses for the GIS proprietary software are to be shared across the Government departments as and when required. Further, any GIS related software licenses are to be taken in the name of Government of Goa with a prior intimation to this department.

Ankita Anand, IAS
Director (IT)
