

Department of Science, Technology and Waste Management,
Government of Goa

Vision Statement

To propagate science, technology and innovations and to inculcate scientific temperament in the minds of the students and to make Goa a hub of Science, Technology and Innovations and the state as centre of excellence and further to make Goa waste litter free by scientific management of all types of wastes.

Mission Statement

To promote and popularize science and technology and innovations among the student community and further to ensure that they achieve excellence, Nationally as well as Internationally in the field of science and technology and innovations. To treat and dispose all types of waste in a scientific manner by setting up facilities for treatment of Municipal/Village waste, E-waste, Bio-medical waste, Hazardous waste and Construction and Demolition waste.
