Jaistha 04, 1944

Office of the Governor has clarified on the objection raised by some sections of people on construction of new Raj Bhavan stating that the existing Raj Bhavan Palace Structure is more than 400 years old and has undergone a great deal of wear and tear resulting in crores of rupees being spent every year for the maintenance by the Public Works Department.

It is further clarified that, over the years the needs and requirements of Raj Bhavan have undergone great deal of change, requiring more space with modern facilities and amenities. Hence, it is proposed to construct a Raj Bhavan Annexe in the land available within the campus. It is also informed that the present building of Raj Bhavan and the Governor's Secretariat Building will remain intact and will not be disturbed or modified in any manner.
