

POWER LINE WARNING

July 4, 2022

Asada 13, 1944

The newly laid 11KV Underground Cable along with RMU^s and TLB^s along the road from Government High School Netravali to Dabal DTC and from Jackem DTC to 11KV Kadel RMU for 11KV Netravali feeder will be test charged on July 5, 2022 and will remain charged thereafter.

The general public in these areas of Netravali are advised in their own interest to stay away from the poles, structure and lines as any contact with this power line will be hazardous to life and property, as informed by the Department of Information and Publicity.
