Governor, Shri Pillai said Raj Bhavan will constitute expert committee to study and find out the reason and provide the solution concerning maximum dialysis patients which is noticed in Cancona and Fatorpa area. He said he will try his best to solve this problems with the help of locals and Union Government.

Raj Bhavan is a lok bhavan and all are welcomed there he said. India is improving and marching forward day by day. One day Bharat will definitely become Vishwa Guru for the peace and prosperity of the people across the world he remarked and added that India has become 4th financial and economic country in the world.

He further said, he is happy to be in the midst of people who are good at heart. Constitution says people are supreme and they are boss of the country - so any constitutional head, people's representative, administrative official or any person who is related with Government and system is a servant of the people and they are bound to serve the people. He said, he is trying his best to interact and study the problems of the people with Sampurna Goa Yatra. Raj Bhavan will look into demands and will redress the issues in its own way, and if required, these demands will also be sent to central government for consideration. Raj Bhavan, within a year has provided financial assistance through its discretionary fund to 550 dialysis patients and 100 NGOs serving the people. Raj Bhavan is serving the people irrespective of caste, creed, politics and any other differences. Goan villages are more beautiful than any other place in the country, he pointed.
