

Government of Goa
Inspectorate of Factories and Boilers
Althino Panaji – Goa

NOTIFICATION

No. 01 dated 09th February 2023

Sub - Associate Fellow of Industrial Health (AFIH) (Only for MBBS Doctors)
Course duration: 3 Months (01/03/2023 to 31/05/2023)

DGFASLI has released the advertisements for AFIH 2023. The institute code for IFB is 14. Our tuition fees are Rs. 35000 for sponsored candidates and Rs. 25000 for non-sponsored candidates. Interested candidates may apply as per the instructions given in the advertisement (www.dgfasli.gov.in). The fees payable to DGFASLI by students at all institutes are given in the course advertisement issued by DGFASLI on page 4 under the heading 'Fee'. These are in addition to tuition fees of the institutes.

Applications completed in all respects along with the self-attested photo copies of certificates in duplicate shall be prepared and one set of the application to be sent by post or manually or in email in single PDF format to Chief Inspector, Inspectorate of Factories & Boilers, Althino, Panaji, Goa - 403 001. Email: ifb.goa@nic.in

The other set of the application to be sent via Email and also by Post to The Member Secretary, AFIH Academic Council, Room No 302, 2nd Floor, CLI Main Building, N.S. Mankiker Marg, Sion, Mumbai 400022. Email: afih.ac@dgfasli.nic.in. The envelope containing the application should be superscribed "APPLICATION FOR ADMISSION INTO AFIH 2023: Institute Code-14"

For further clarification: Contact Dr. Naresh Fadte, Medical Inspector of Factories on 08322404841. Last date for receipt of application is 15th February 2023.

AFIH is a three months full time course regulated by DGFASLI (Director General of Factory Advisory Services & Labour Institutes, Govt of India). As per Factories Act, 1948, this is a mandatory qualification for doctors for appointment as Factory Medical Officer in factories. Other industries also prefer to hire AFIH qualified doctors. MBBS doctors with a minimum of two-year experience after internship can apply for this course. This course covers basics of industrial health, occupational diseases, toxicology, environmental health, ergonomics, labour laws related to health, safety and other related matters. It equips doctors to deal with any occupational health issues in any setting.

(Dr. Sneha Gitte, IAS)

Chief Inspector of Factories & Boilers
