

UNDERGROUND CABLE-LAYING WORK IN AMONA

December 2, 2025

The public is hereby informed that underground cable-laying work will be carried out by Electricity Department of Goa along the road from Pimpalwada to Ambeshiwada Amona as part of the electrical network upgrade for installation of 200KVA Transformer at Ambeshiwada, Amona. To facilitate this work, controlled digging and trenching activities will take place from December 02, 2025. During this period, partial traffic diversions and temporary restrictions may be implemented to ensure public safety and smooth execution of the project.

Road users, pedestrians, and residents of the surrounding areas are kindly requested to: Follow traffic signage and directions issued at the site, exercise caution while passing through the work zone, and cooperate with the officials and workers on duty.
