State PM

NOTIFICATION

Sp
28/6/26

Subject: Maintenance of Centralized Repository of Regulatory Instruments and Periodic Regulatory Review.

Whereas the Government of Goa has established the official State Government portal, www.goa.gov.in, as the centralized platform for dissemination of Acts, Rules, Regulations, Government Orders, Notifications, Circulars, Policies and other official documents issued by the Government and its agencies; and

Whereas it is considered necessary to ensure that such information remains updated, accessible and subject to periodic review to promote transparency, regulatory clarity and ease of doing business.

Now, therefore, the Government hereby directs as follows:-

1. All Departments, Directorates, Autonomous Bodies, Statutory Authorities, Boards, Corporations, Municipal Corporations and other Government agencies shall designate a Nodal Officer responsible for ensuring timely publication and updating of regulatory instruments administered by them on the official Government portal.
2. The concerned Nodal Officer shall ensure that all applicable Acts, Rules, Regulations, Government Orders, Notifications, Circulars, Policies, Byelaws, amendments, repeals, supersessions and related documents are uploaded and kept up to date on the portal.
3. No Notification, Government Order, Circular, Policy, Guideline, amendment, repeal, supersession or other regulatory instrument intended for public dissemination shall be treated as fully uploaded to the State repository unless the same has been marked to the Department of Information Technology, Electronics & Communications for publication on the official Government portal. The issuing Department shall be responsible for ensuring timely transmission of such documents to Department of Information Technology, Electronics & Communications (DITE&C) for updating of the repository.

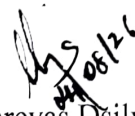

4. All Departments and agencies shall undertake a periodic review of the regulatory instruments administered by them and identify provisions for simplification, amendment or repeal, with due regard to the following principles:

- I. retention of licences and approvals only where required to address significant public risk;
- II. adoption of self-certification, self-registration or similar mechanisms wherever feasible;
- III. simplification of licence validity and compliance requirements;
- IV. prescription of regulatory outcomes rather than detailed operational processes
- V. promotion of risk-based, transparent inspections, including the use of accredited third-party agencies wherever permissible; and
- VI. repeal or withdrawal of obsolete, redundant or duplicative regulatory instruments

5. Every Department and agency shall carry out at least one annual review of the regulatory instruments under its jurisdiction and take appropriate action for updating records on the official Government portal.

6. The Department of Information Technology, Electronics & Communications shall act as the single point of contact for monitoring and compliance with this Notification.

This Notification shall come into force with immediate effect.
