Department of Power

Notification

120/2/CEE/TECH/352

In exercise of the powers conferred by section 23 read with section 51 'A' of the Indian Electricity Act, 1910 (Central Act 9 of 1910), and in supersession of all the existing Notifications in this regard, the Government of Goa hereby frames the following revised electricity supply tariffs for the State of Goa, as specified in the Schedule appended to this Notification.

SCHEDULE

General conditions

(1) These tariffs are subject to revision by the Government from time to time.

(2) These tariffs are subject to the terms and conditions for power supply approved from time to time by the Government.

(3) Supply of power in all cases shall be subject to the execution of Agreement with Consumers.

(4) As a general rule, no low voltage services shall be given where the connected load per service is over 100 KVA nor high voltage service shall be given where the connected load is less than 100 KVA. Exceptions may be made in special cases at the discretion of the Chief Electrical Engineer.

(5) Supply to consumers having a connected load between 100 KVA to 1000 KVA will be generally at 11KV, and for more than 1000KVA at 33 KV. Exceptions may be made in special cases at the discretion of the Chief Electrical Engineer.

(6) If energy supplied for a specific purpose under a particular tariff is used for a different purpose not

contemplated in the contract for supply and/or for which higher tariff is applicable it shall be deemed as misuse and stealing of energy within the meaning of the Indian Electricity Act, 1910 (Central Act 9 of 1910). In such a case, the energy consumption bill already rendered for the service shall be revised by applying the appropriate higher tariff from the date of connection unless convincing reasons are adduced thereof for adopting a different period. The imposition of this higher tariff shall not relieve the consumer from penalties under the law in force.

(7) Surcharge of 2% compounded per month or part thereof shall be levied on all delayed payment of bills. Such surcharges shall be rounded off to the nearest multiple of one rupee. Amount less than 50 paise shall be ignored and amount of 50 paise or more shall be rounded off to next multiple of rupee one.

(8) If the consumers fail to pay the energy bill presented to them within the stipulated period, the Electricity Department shall have the right to disconnect the supply after serving a seven days clear notice on such consumer.

(9) Consumers requiring supply for loads not covered by these tariffs and also Electro chemical and electro metallurgical industries, may negotiate for special tariff with the Electricity Department.

(10) In case of doubts or anomalies in respects of categorisation of any consumers or in any other respect, the decision of the Chief Electrical Engineer shall be final.

(11) "Month" means the calendar month when the period commences from the beginning of a calendar month otherwise it shall mean a period of 30 days.

(12) These tariffs shall apply for purpose of billing with effect from 01-07-2000

Definitions

(1) 'Connected load' means the sum of rated capacities of all the energy consuming devices which may be operated simultaneously. This shall be expressed in KW/KVA. One H.P. shall be considered equivalent to one KVA for equipment rated in H.P.

(2) 'Seasonal consumers' means all consumers who work only during a part of the year upto a maximum of nine months, such as, cotton coming and pressing factories. It shall also include ice factories, mining industries, oil mills, which may work throughout the year but intermittently, and any other consumers which may be approved by the Electricity Department from time to time as seasonal consumers.

(3) 'Maximum Demand' means the average KVA supplied during the 30 minutes (or any other shorter period as may be specified by the Electricity Department), of maximum use in a month.
